Re: Renewal of License No. 13-24480-01

Dear Mr. Tran:

We would like to have fourteen (14) moisture/density gauges of the Troxler Model 3400 Series indicated on our Materials License. Although Troxler Models 4640 and 4640B were indicated on our previously issued Materials License, we never purchased or used them. Therefore, please omit these Troxler Models from our new Materials License.

Should you have any questions, or need any additional information, please let us know.

Very truly yours,

K & S Engineers, Inc.
