Nuclear Regulatory Commission
475 Allendale Road
King of Prussia, PA 19406-1415

Subject: EA-08-158

Attention: Marc L. Dapas,

Dear Mr. Dapas,

At this time Quality Inspection Services, Inc would like to notify the NRC that we have completed the following actions items from the ADR session for EA 08-158. All records for the corrective actions are being maintained in our Buffalo, New York corporate office for your review.

Item 3a – QISI has revised our Operating and Emergency Manual to reflect the importance to be honest, truthful and upfront to NRC and Agreement state inspectors. The new revision is 11

Item 3b – All QISI radiographers and assistant radiographers have been retrained to the new revision and sign off sheets are available for review.

Item 3c – The last edition to QISI Corporate newsletter included the statement for the President/CEO regarding the NRC EA-08-158 issues and the importance of working with the NRC and Agreement states.

Item 3d – The DVD has been created and all radiographers and assistant radiographers watched and had been asked to make comments during their annual refresher training. The DVD is here in Buffalo for your review.

Item 3e – The DVD explaining the EA 08-158 was played for several hours at a Regional Safety Conference by our Corporate Safety Director at our booth. The DVD is available on our web site for review.

Quality Inspection Services, Inc is working together with all offices whether under NRC or Agreement States jurisdiction to ensure a safe and compliant work place. If you have questions pertaining to the corrective actions please to do not hesitate to contact me at (716) 686-3710 or email dmiskell@qisi.com. 570-8768 Cell

Thank you,

Douglas Miskell
