Dear Mr. Barker:

The Regional Assistance Committee has completed the review of the updated Illinois Plan for Radiological Accidents (IPRA) – Braidwood, Volume VII, dated March 2012, site specific to the Braidwood Station.

The Concept of Operations for the State of Illinois, and Grundy, Kankakee and Will Counties, as outlined in the March 2010 IPRA-Braidwood, have not changed.

The plan has been found to conform to Title 44 Code of Federal Regulations, Part 350, and the requirements in NUREG-0654/FEMA-REP-1. Enclosed is the final printing of the document dated March 2012, and accompanying maps, for your reference library. All other copies of this plan should be destroyed.

If you have any questions, please contact me at (312) 408-5575 or Deborah Fulk at (312) 408-5547.

Sincerely,

A handwritten signature in black ink, appearing to read "William E. King".
