In the Matter of  
SHAW AREVA MOX SERVICES  
Mixed Oxide Fuel Fabrication Facility  
Docket No. 70-3098-MLA

---

Dear Administrative Judges:

In accordance with the schedule set out in the Atomic Safety and Licensing Board's ("Board") March 20, 2012 Order (Adopting Post-Hearing Deadlines), the NRC staff ("Staff") tenders as an enclosure to this transmittal letter its proposed corrections to the transcript.

Attachment 1 consists of those transcript pages the Staff believes contain transcription errors, along with the Staff's proposed corrections. As the content of those excerpted pages may contain security sensitive information, Attachment 1 should be withheld from public disclosure in accordance with 10 CFR § 2.390 and protected pursuant to the provisions of the July 26, 2011 Protective Order and Non-Disclosure Declaration.

When separated from Attachment 1, the transmittal letter and the corresponding certificate of service are decontrolled and may be recorded on the public docket.

Please contact me at (301) 415-2174 or [christopher.hair@nrc.gov](mailto:christopher.hair@nrc.gov) with any questions.

Respectfully submitted,

**/RA/**
