Mr. John Nicholson
U.S. Nuclear Regulatory Commission, Region I
475 Allendale Road
King of Prussia, PA 19406-1415

Subject: CE Windsor Site Final Status Survey Plan Revision 1

References: (A) Letter, J. Conant (ABB) to J. Nicholson (NRC), dated March 8, 2012

Dear Mr. Nicholson:

ABB Inc. ("ABB") is providing additional information to facilitate NRC's review of Final Status Survey Report Submittal No. 1 for the CE Windsor Site at 2000 Day Hill Road in Windsor, Connecticut. ABB provided a response to NRC requested additional information (Reference A) that indicated the Final Status Survey Plan Revision 1 would be submitted under separate cover. This submittal provides the requested information.

If there are any questions or comments regarding this submittal, please contact Mr. Heath Downey, ABB's Radiation Safety Officer, at (207) 939-5560 or me at (860) 418-0370 or by e-mail at john.conant@us.abb.com.

Sincerely,

ABB INC.

Eleanor A. Perlak on behalf of

John F. Conant
Director, Nuclear Engineering and Compliance

Enclosure:

xc: Charles Petrillo (Town of Windsor)
Edward Wilds (CTDEEP)
