LICENSE No: 24-21362-01

SUBJECT: Request for Amendment to Our License

Gentlemen:

American Radiolabeled Chemicals, Inc (ARC) requests amendment of our license to allow the following two cases.

1. Allow the storage of SCO items outdoors surrounded by a locked fence. The SCO would be double wrapped to preclude any transfer of removable contamination.
2. Allow the temporary storage of SCO items purchased from other licensees in the closed transport vehicle parked on ARC's parking lot. The appropriate DOT labels and marks would remain on the locked vehicle until emptied.

ARC requests expedited processing of this request.

If you have any questions or require clarification on any of contained information, you may contact Regis A Greenwood, CHP, our RSO, directly at 314-991-4545.

Sincerely

AMERICAN RADIOLABELLED CHEMICALS, INC
