Dr. Sang Jin Kim
Senior Vice President
Doosan Heavy Industries and Construction
555 Gwigok-Dong, Seongsan-Gu
Changwon, Gyeongnam, 642-792
Republic of Korea

Dear Dr. Kim:

I want to express my gratitude for the hospitality extended to me by you and your staff during my recent visit to the Republic of Korea. This was my first trip to Korea and I appreciate the opportunity to participate in discussions with you and your staff and to tour your forging and fabrication facilities during my visit.

I found the forging and fabrication activities currently underway at your facilities to be most interesting. It was fascinating to see large nuclear components, which will eventually be placed in operation in the United States and all over the world, being made.

Thank you again for the contributions of all the Doosan representatives toward helping to make my visit a success.

Sincerely,

/RA/

Michael F. Weber
Deputy Executive Director for Materials, Waste,
Research, State, Tribal, and Compliance Programs
Office of the Executive Director for Operations
