NOTIFICATION, CONTROL NO. 577149

Dear Mr. Mathews:

Thank you for your notification, dated March 7, 2012, indicating your intent to terminate your license. You do not need to receive prior approval before returning these devices to the manufacturer, but you do need to verify that the recipient is authorized to receive the devices. Troxler Electronic Laboratories is authorized to take possession of the devices listed on your NRC license. After your devices have been transferred to the manufacturer, please submit a termination request using NRC Form 314 found at <http://www.nrc.gov/reading-rm/doc-collections/forms/>. Please include a copy of the transfer documentation provided by the manufacturer and a copy of the most recent leak tests with your termination request. Your facility, located at 1275 Cromwell Avenue, Unit A-4, Rocky Hill, Connecticut, can not be released for unrestricted use until you receive your terminated license. If you have any questions, please contact me at (610) 337-6945.

Sincerely,
