Dear Sir,

With the controversy surrounding the proposed Uranium mining and Milling at the Coles Hill site located in Pittsylvania County. I would like to extend an invitation for you to come to Pittsylvania County and discuss the process of regulations and what is expected from local Government. I'm hearing many stories that the regulations when written will provide for the potential of "Alternate Feed" at this site. It would be most helpful if you or someone from your office could speak at a Town Hall type meeting on these issues and have a question and answer session.

Sincerely,

Marshall A. Ecker
