Subject: Additional information for notification to amend license to include revised facility diagram

(NOTE: This will be used as the Documents Title in ADAMS)

NRC staff contacted the licensee to clarify the following information provided in an amendment request letter dated February 28, 2012:

- The amendment request was signed by an individual designated Administration, with no printed name. Sharon confirmed that the request was reviewed and signed by Dr. Scott Duffy, President and Radiation Safety Officer. I also confirmed that the previous license application and amendment requests were signed by Dr. Duffy with the same signature.
- Areas above and below all areas of use. Sharon confirmed that the department is on the second floor, and above are physicians' offices and below is a cardiac rehab and laboratory area (Cardiac Rehab and Quest Diagnostics).
- Sharon confirmed that no PET radiopharmaceuticals are being used.

**Action Required:** Issue Amendment
