Dear Mr. Dwyer:

United States Testing Co., Inc. holds the referenced A and B Licenses. Both licenses fall under the licensing fee category "3-P". The license respectfully requests that these two licenses be combined into one license. The existing license conditions, including the Operating and Emergency Procedure, for each license would remain in effect.

The Licensee recommends that both licenses be combined under the referenced (B) license and the reference (A) license be canceled.

If additional information is necessary please contact me at (201) 792-2400 ext. 297.

Sincerely,
UNITED STATES TESTING CO., INC.
