**Re: Notification of Remobilization to the Alameda, CA Site Under Nuclear Materials License
Number 05-27748-01**

Dear Regional Administrator:

MACTEC Development Corporation (MDC) is providing written notification to keep the NRC informed concerning site activities associated with work at a temporary job site: IR-1 and IR-32 Sites, NAS Alameda, Alameda, California. Work will be conducted from May 7th through May 17th over the next two weeks.

A previous letter on February 12, 2012 was sent to the NRC informing the NRC of our initial activation of licensed activities at this site. The activities to be conducted and the radiological quantities and potential hazards remain the same as those stated in the February 12th letter.

MDC has also contacted Mr. Richard Haleem, Radiologic Health Branch, California Department of Public Health, informing him of our remobilization.

The point of contact for this project is

It is expected that MDC will re-mobilize to the job site in mid June of this year and MDC will provide a follow-up letter prior to that mobilization.

Thank you for taking this matter into consideration. If you have any questions regarding this notification, please call me at (970) 243-2861.
