In the Matter of
Strata Energy, Inc.
(Ross In Situ Recovery Uranium Project)
Docket No. 40-9091-MLA; ASLBP No. 12-915-01-MLA-BD01

Dear Administrative Judges:

In its Memorandum and Order (Prehearing Conference and Initial Scheduling Order), dated April 10, 2012, the Atomic Safety and Licensing Board (Board) requested that the U.S. Nuclear Regulatory Commission staff (Staff) promptly notify the Board and the parties regarding any changes in the Staff's safety and environmental review schedules for the Ross *In Situ* Recovery (ISR) Uranium Project application.

The Staff is hereby providing notice of a change in the Staff's safety and environmental review schedules, which were recently revised since the Staff accepted Strata Energy, Inc.'s responses to the Staff's request for additional information (RAI). The Staff now estimates that the Draft Supplemental Environmental Impact Statement (SEIS) will be issued on January 10, 2013, the Final SEIS will be issued on November 4, 2013, and the final Safety Evaluation Report (SER) will be issued on December 4, 2013.

Respectfully submitted,

/Signed (electronically) by/
