Subject: NRC - FENOC Telecon Notes

Sam..... attached are telephone conference call notes from two recent calls with the NRC held on April 17, 2012 (License Renewal abandoned equipment drawings), and April 26, 2012, on time-limited aging analyses for upper shelf energy and pressure-temperature limits. It turns out that Larry Hinkle did take notes on the License Renewal abandoned equipment drawing discussion.

Please contact me with questions on these telecon notes.

Thank you,

Steve Dort
