**Subject:** RE: SML Process For Strata Docket No. 40-9091

Mr. Richie,

It is NRC's policy to keep the public informed on the status each application and licensed project. Our means for keeping the public informed on an application review schedule is through NRC's webpage. NRC staff continually updates the webpage to have the information that is most current.

John Saxton

**Subject:** SML Process For Strata Docket No. 40-9091

Mr Saxton,

I am a shareholder of Peninsula Energy which as you may know is the parent company of Strata Energy. I was wondering if you might be able to help me with the timeframe of the review process for the issuance of the SML for this project. I am aware that the current NRC timeline is updated regularly with the most up to date information available and currently indicates an issuance of the SML to Strata in November 2013. Is it possible for this timeline to be shortened? Specifically if it can be, under perfect circumstances approximately by how much ? I am sure you are a very busy person and I would like to thank you for your patience with me.

Regards

Peter Ritchie  
Australian Shareholder of Peninsula Energy
