Status of License Amendment

(NOTE: This will be used as the  
Documents Title in ADAMS)

5/18/2012 (11:45) I contacted Dr. Bose and determined that he wanted to know about our progress in releasing for unrestricted use the facility at 510 College Street. I informed him that the licensing action had not been assigned and that a number of functions were in flux because of the recent move. Dr. Bose was concerned because the contract with RSO, Inc. was for a limited amount of time and that the company could not do the remainder of the work until NRC released the facility for unrestricted use. I stated that I would inform my branch chief and have the reviewer get back in touch with him.
