1. LICENSEE/LOCATION INSPECTED:  Perspectives Imaging 91 West 1750 North Centerville, Utah 84014 Location: 777 Hospital Way - Portneuf Medical Center Pocatello, Idaho 83201  REPORT NO: 150-00043/2012-001	2. NRC/REGIONAL OFFICE  U.S. Nuclear Regulatory Commission Region IV, 1600 East Lamar Boulevard Arlington, Texas 76011-4511	
3. DOCKET NUMBER 150-00043	4. LICENSE NUMBER UT-0600514	5. DATE OF INSPECTION May 08, 2012

**LICENSEE:**  
 The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows:

1. Based on the inspection findings, no violations were identified.

2. Previous violation(s) closed.

3. The violation(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy to exercise discretion, were satisfied.

Non-Cited Violation(s) was/were discussed involving the following requirement(s) and Corrective Action(s):

4. During this inspection certain of your activities, as described below and/or attached, were in violation of NRC requirements and are being cited. This form is a NOTICE OF VIOLATION, which may be subject to posting in accordance with 10 CFR 19.11.

**Licensee's Statement of Corrective Actions for Item 4, above.**

I hereby state that, within 30 days, the actions described by me to the inspector will be taken to correct the violations identified. This statement of corrective actions is made in accordance with the requirements of 10 CFR 2.201 (corrective steps already taken, corrective steps which will be taken, date when full compliance will be achieved). I understand that no further written response to NRC will be required, unless specifically requested.

The situation as you describe it below is transportation of hazardous materials and does fall under the DOT regulations. Alliance Imaging is considered a private carrier: 49 CFR 171.2(c) states in part:  
“For a private motor carrier, transportation of a hazardous material in commerce begins when a motor vehicle driver takes possession of a hazardous material for the purpose of transporting it and continues until the driver relinquishes possession of the package containing the hazardous material and is no longer responsible for performing functions subject to the HMR [Hazardous Materials Regulations] with respect to that particular package.”
