Dennis,

In Feb. 2011, Dominion received RAIs related to Physical Security Hardware ITAAC (somewhat similar to RAI 211-5494 received by Comanche Peak) and on March 14, 2011 replied that we would wait until this issue was addressed in DCD, Rev. 3 and then address it. However, in July 2011, we answered the RAIs at the request of the NRC to provide the responses prior to the next COLA submission. In COLA S8/9 (December 2011), we provided a change to Part 10, Table C-1 and Chapter 14, Section 14.3.4.12 based on the responses to the RAIs. In the NA3 COLA, Section 14.3.4.12, ITAAC for Physical Security Hardware, the last paragraph reads, “Physical security ITAAC test abstracts supporting the site-specific physical security ITAAC are available for review and inspection prior to implementation.” This sentence was added to point to the ITAAC test abstracts, which will be available for review and inspection, but are not needed at this point in the process. If you have any questions, please call me. Thank you.

Good morning Dennis,

Since Dominion states that they will not be endorsing the RCOLA questions, when will they be sending us their site-specific abstract?

Thank you for your assistance,

Judy

Dennis,

An R-COLA RAI endorsement letter was signed and submitted to NRC today (Reference Serial No. NA3-12-007). This letter addresses R-COLA RAI responses that were submitted between April 1, 2011 and December 31, 2011. R-COLA RAI 211-5494 is included in this letter.

Dominion reviewed the responses to RAI 211-5494, questions 14.03.12-1 through 14.03.12-5, and determined that the responses were site-specific and therefore, could not be endorsed.

Please let me know if you have any questions or need additional information.

Barry,

The security reviewers have asked me if Dominion is planning on endorsing Comanche Peak RAI 211-5494 responses, submitted 4/19/2011. This RAI is associated with security ITAAC abstracts. Also, what are Dominion's plans for submitting the next RAI endorsement letter? Chandu indicated Dominion would be submitting the letter soon, but if you had more precise information, it would help us in planning our review.

Thanks,
