SUBJECT: APPROVAL OF REQUEST FOR EXTENSION (VIO 70-1113/2012-201-01)

Dear Mr. Murray:

On April 5, 2012 the NRC issued "Inspection Report No. 70-1113/2012-201 and Notice of Violation" (ML120800159). GNF-A was required to submit a written response within 30 days. In your letter dated April 27, 2012 (ML12121A028), GNF-A requested an additional 40 days to respond, and committed to "Provide GNF-A NOV response by 6/15/12."

NRC staff has reviewed your request for an extension, and commitment, and approves extending the due date to June 15, 2012.

The Project Manager will be coordinating with you to setup the meeting you requested with NRC management to discuss GNF-A's licensing approach on criticality safety issues.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of NRC's "Rules of Practice," a copy of this letter and the enclosure will be available in the public electronic reading room of the NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
