Dear Mr. Rogers:

This refers to: (1) your decommissioning funding plan submitted with your license application dated July 9, 2010, and (2) our telephone conversation on May 9, 2012. During the telephone conversation, you indicated that the possession limit in your license had been reduced so that financial assurance would not be required.

As we discussed during the telephone conversation, we have voided your decommissioning funding plan because financial assurance is not required for the possession of materials currently authorized of your license. However, if you ever increase the possession limits in the future, Financial Assurance may be required.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer L. Bishop".
