Jerry:

I took a quick look at Section 2.0 of the SER, particularly the discussion on the applicant's response to RAI 02-1 which is on pgs 2-3 and 2-4.

I've noticed that the SER lists the wrong RAI response to RAI 02-1. The correct RAI response to RAI 02-1 begins on pg 140/172 of [ML102570700](#).

Brad,

The response is due next week. We can add any revisions needed after chapter day, since there will be comments from chapter day that will require revisions.

Jerry:

Has Fermi responded to [RAI 6345](#) yet?

I assume that you would want the response of this RAI incorporated into the SER by chapter day.
