OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

I have family, including small children, who live very close to the San Onofre nuclear power plant, and I don't feel the current emergency planning zones are large enough.

I ask the NRC to adopt the proposed rule expanding emergency planning zones and to require that emergency exercises include scenarios that are regionally appropriate. We in Southern California are in danger of earthquakes and tsunamis and brush fires that could impact San Onofre.

Thank you,
