Lisle, IL 60532-4352

Re: Amendment to License No. 21-18502-01, Holland Hospital.

Please amend our license as follows:

1. Remove the David B. Johnson as authorized user. He is no longer at this facility:

2. Please add the additional 10 CFR 35.300 use of NaI-131 in quantities greater than 33 mCi.

   We plan to do only outpatient procedures. If on rare occasion, we have a thyroid therapy patient that requires hospitalization, we will place that patient in a private room with a private bath. The room will be a corner room or rooms next to it will be left unoccupied if needed to reduce exposure levels. Exposure rate measurements will be taken while the patient is in the room. Wipe tests as well as exposure rate surveys will be performed to determine if the room can be released for use.

3. Please allow Catherine E. De Leeuw, M.D. the use of 10 CFR 35.300.

   A copy of form 313A(AUT) is enclosed for your review.

Thank you for your cooperation in this matter. If you have any questions, please contact Kathryn Guercio, Special Imaging Manager, at 616-494-4197.

Sincerely,

Mark R. Pawlak
