OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

Current emergency planning zones are clearly outdated and do not protect the health and safety of U.S. citizens. I request that the NRC adopt the proposed rule expanding emergency planning zones to the respective 25, 50, and 100 mile zones and add a new requirement that emergency exercises include scenarios of regionally appropriate initiating or concurrent natural disasters. To do anything less than this would be irresponsible.

Thank you for acting on our behalf,
Anna
