Subject: NEW INFORMATION: LNP DEIS 2nd Supplemental Comments  
Attachments: Bacchus LNP DEIS supplemental comment ltr31212.pdf

Dear Mr. Hambrick and Mr. Bruner,

Significant new information relevant to the proposed nuclear power plant units proposed for Levy County has been released since the comment period for the Draft Environmental Impact Statement (DEIS).

Attached is a pdf copy of my second supplemental comment letter describing that significant new information which supports my initial justification for necessity of a supplemental EIS:  
Bacchus LNP DEIS supplemental comment ltr31212.pdf

Exhibits A through C referenced in my comment letter will follow in separate emails.

Thank you for the opportunity to provide this information to you as part of the public comment requirements.

Sincerely,  
Sydney T. Bacchus, Ph. D.  
Hydroecologist
