Well, they kept changing the date on us. The office will still be in our possession until June 30<sup>th</sup> but they have sent the employees packing as of today. The first letter I sent was for May, then they changed it to June but now it is more May. If you need to wait until June since that is what the letter says, then that's ok. But, if it can be signed since it is ready, that would be great!

Thank you,  
Debbie

WAIT!

Your letter dated April 20, 2012 says the new address is effective June 30, 2012. Did you mean May?

Dear Kathy,

I think I was supposed to contact you regarding our license and with the insanity at the office, it slipped my mind. The office is basically closed today, although some of us are still hanging around closing out issues. If you have not had our licensed signed and sent, please feel free to do that now. If you wouldn't mind, could you please email me a copy as I am sure the attorney's office will forward it to Elekta and I don't know how long it will take for me to get a copy.

Any questions, please feel free to contact me. Hope all has finally settled with your office move!

Thank you,  
Debbie

Not a problem – I will let our licensing assistance team know to be on the lookout for it. We will just combine with the action I have 577262.

Kathy,

I just sent another letter on Friday with yet another address change. There was a bit of a mix-up. If you haven't received it yet, you will be shortly. Once you receive that notification, if you can process it and have it take affect the end of May 2012, that would be perfect. I realize this second notification is not 60 days, so if you need to wait until the middle of June, 2012, that will be okay, although end of May would be better.

Please let me know if you need anything further or if you haven't received the letter by tomorrow.

Thank you,  
Debbie

Do you want me to change the mailing address now or end of May 2012?

I am looking at your March 30, 2012 letter. I can make the change now, if that is okay with you.
