Facility Diagrams for Foulk Road location

(NOTE: This will be used as the  
Documents Title in ADAMS)

I spoke with Debbie and explained that their May 23, 2012 submission did not address all the information needed for the Foulk Road location. It referred back to the drawings in the February 27, 2012 application which do not show what is adjacent to the hot lab on two sides. I requested that she provide a new diagram that shows clearly the occupancies of the adjacent areas.

**Action Required: Process the renewal application pending successful submission of requested information.****Document Availability:**
