Docket No.: 030-13620

Mail control No.: 577128

One item in amendment request dated March 5, 2012 ML # 12088A408, asked that fee and invoice information be mailed to a different location other than location listed on license. License Reviewer explained to the licensee that Fees and Invoices are mailed to the address on the license, and there is not a way to mail particular information to another address, unless they request a change of address on the license.

License reviewer also contacted Fees (HQ) to ask if there is another way to address licensees concern. As of June 6, 2012, reviewer has not received information from Fees personnel.
