Documents Title in ADAMS)**

6/4/2012 (13:10) Mr. Lowe's voice-mail indicated that he would be unavailable from June 4th to June 11th and provided the alternate number of 304-388-9701. (13:15) The number provided was the main number for the nuclear pharmacy which was closed at the time of the phone call. I left a message for someone to get back in touch with me about the pending expiration of the license. 6/5/2012 (08:30) Mr. Lowe returned my call. He informed me that the application had been sent in on May 28th via UPS to the 475 Allendale address. I requested that he call UPS and determine who signed for the application and whether the application had been delivered to 2100 Renaissance Boulevard. (10:45) Mr. Lowe called back and stated that UPS had delivered the application to the NRC on May 31st with the receipt being signed by Thomas Williams. I thanked him for the information and that I would continue monitoring ADAMS for the document.
