RSO DELEGATION OF AUTHORITY

You, Jossian J. Pagán Lisboa, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation at this institution. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety and implementing corrective actions when necessary.

You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time. The disciplinary authority shall reside with the Management of this institution.

It is estimated that you will visit our facilities on monthly basis and when necessary to conduct radiation protection activities and will be available by phone. You will also have total support, economical resources and sufficient commitment from the management to fulfill the duties of the radiation safety program and related regulatory requirements and to ensure that radioactive materials are used in a safe manner.
