John,

Will 11 am tomorrow work? Your suggested times are occupied for our reviewers but it looks like 11 would work for all those we would need for the call. Thanks.

Rob

Hello Rob,

Just following up to see if you've heard back from the reviewers involved with the six draft RAIs listed below, regarding their availability for a phone call to discuss these items on Wednesday (suggested time either 10:30 or 2:00).

Also, I trust you received the editorial items I forwarded to you on December 21st.

Thanks.

- John

As we spoke, Rob, we would like to get clarification on six of the 29 DRAIs you had forwarded on Monday. If possible, we'd like to have the call soon after the New Year's holiday; we are suggesting Wednesday January 4th, at 10:30 or 2:00 but of course could do other days/times if needed. The items we'd like to discuss are:

DRAI 3.3.2.21-1
DRAI BWRVIP-1
DRAI B.2.1.2-1
DRAI B.2.1.3-1
DRAI B.2.1.12-1
DRAI B2.1.29-3

As mentioned, I will send you a mark-up of the draft package identifying a few minor typos that we identified (sometime later today or tomorrow AM at latest), so you can fix them before issuing, if possible. And if you want to proceed with issuing the 23 RAIs not mentioned above sometime next week that would be OK. We understand that the expected response time would be within 45 days for that package.

Thanks, Rob, and if you need to contact me for any reason over the next 10 days I'm available in the office through tomorrow and on the cell phone (717-951-5753) after that.

- John.

John,

Attached is a DRAFT Request for Information related to the license renewal application for Limerick Generating Station. If Exelon would like clarification on the attached please let me know and I will set up a teleconference.
