SUBJECT: AMENDMENT REQUEST FOR CERTIFICATE OF COMPLIANCE NO. 9337  
FOR THE MODEL NO. 3979A PACKAGE – ACCEPTED FOR REVIEW

Dear Ms. Marshall:

By letter dated April 19, 2012, you submitted an amendment request of Certificate of Compliance No. 9337 for the Model No. 3979A package. You submitted this amendment request to address issues which arose during manufacture of the Model No. 3979A package. Staff performed an acceptance review of your application to determine if the application contains sufficient technical information in scope and depth to allow the staff to complete the detailed technical review.

This letter informs you that the application appears to contain the necessary information to begin our detailed technical review. We have established a schedule for this review which allows for the staff to issue a Request for Additional Information (RAI) in August 2012. If no additional information is needed, and based on the staff's evaluation, the approval may be issued at that time. However, if additional information is required, the CoC may be issued in October 2012 assuming your RAI responses are satisfactory.

Please reference Docket No. 71-9337 and TAC No. L24639 in future correspondence related to this request. If you have any questions regarding this matter, I may be contacted at (301) 492-3148.

Sincerely,
