Rob

I made this schedule shell up for the amp audit. It is the same one I am using for the S&S audit. There are two columns for breakout sessions. We can accommodate up to 4 discussions at once if needed. Each day is a separate worksheet. If you fill in the rough details per day I can then look for pinch points (such as availability issues with Site engineers) and move/shuffle as needed. You and I can get together each afternoon to discuss the next day's activities to make sure we are getting what you need.

If you collect all the SS numbers for your team then you can either call them in or bring them with you on Thursday/Friday.

Chris,

This is clearly very rough and I have a lot of details to enter into the schedule, but I thought I would pass this along for 2 reasons:

1. All the expected NRC staff are listed for each of the 2 weeks (on page 2 for week 1 and page 9 for week 2)
2. To let you see the format that I am planning to use and see if you have any comment before I get too far along.

What I need to fill in is all the break out sessions and the walkdowns but I am awaiting further input from the staff here.
