Subject: Requests for the Limerick NPP Audit ..feedback

Rob
Our civil guy did a preliminary assessment of this request and his feedback was that the scope of the document request is unrealistically large. I suspect Ata doesn't understand the depth/breadth of what he's asking for. Suggest we try to limit it to things like "last two cycles of inspection reports" or prominent findings from inspections, or program procedures. We have Results Books which should have most of what he needs. Anything else we can obtain on a request basis.
