Paul,

Attached is the "Final" version of RAI No. 346 (eRAI No. 6495) pertaining to Recommendation 9.3 of the Fukushima Near-Term Task Force recommendations contained in SECY-12-0025. The draft version of this RAI was issued to you on May 9, 2012. A clarification phone call, requested by UniStar to discuss the draft RAI question, was held on June 11, 2012; however, this phone call did not result in any changes to the draft question. Accordingly, this email forwards the subject RAI as "final" for your response.

The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a schedule date for submitting your technically correct and complete response will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the review schedule.

Your response letter should also include a statement confirming that the response does or does not contain any sensitive or proprietary information.

Thanks
