**Subject:** RAI, License Amendment Letter dtd 4/24/2012

Mr. Melaro was called to inform Geotechnics that an additional Program Code will need to be added to the license for performing "services for others," such as training. The license may include training for other licensees with the addition of Program Code 03225. We discussed the annual fee for licenses with Program Code 03225, as required by 10 CFR 170.

Mr. Melaro discussed the changes to the license with his management and informed me that they do not wish to continue providing the service. He said the company rarely performs this service and the expense of the license fee would be cost prohibitive.

I asked Mr. Melaro to please forward a letter to my office (fax# below) stating that Geotechnics will no longer provide this service. He said he would.

**Action Required: Licensee to provide letter stating they no longer request to conduct training for "others."**
