RE: License # 24-32406-01

To whom it may concern:

We would like to make the following amendment to our materials License.

On page 2 item #10 where we have 2 locations listed we would like to remove the address of 734 Bear Hollow Road, Pineville, Missouri. The plant and lab has been moved and is no longer in operation effective 5/15/2012.

We would like to add an address for a new plant that is being constructed at 20753 Farm road 1240, Shell Knob, MO. This plant will not be in full operation for approximately 3 months from the date of this letter.

If you have any questions please call me at 479-866-9557.

Respectfully,

Jeff Mitchell
RSO
