LLC

(GLE Commercial Facility)

Docket No. 70-7016-ML

ASLBP No. 10-901-03-ML-BD01

June 18, 2012

ORDER

(Establishing Administrative Directives Concerning Prefiled Testimony and Exhibits)

The parties are advised that no voluminous document that is already an official agency record (such as the License Application, the Environmental Report, the Safety Evaluation Report, and the Final Environmental Impact Statement) need be resubmitted in its entirety solely to ensure that the Board will consider it part of the evidentiary record of this uncontested mandatory hearing.

If a party wishes to introduce such an official agency record as an exhibit, it will be sufficient to give it an exhibit number and identify the document with reasonable specificity (such as by providing a brief description of the document and its ADAMS accession number). If helpful to illustrate witness testimony, the parties are encouraged to submit relevant selected pages from such voluminous exhibits as attachments to the testimony.

Exhibits that are not voluminous existing agency records shall be submitted in accordance with the previously specified procedures for filing public and nonpublic documents.¹

It is so ORDERED.
