U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
Washington, DC 20555-0001

Subject: **PSEG Early Site Permit Application**
Docket No. 52-043
Re-Submittal of Revision 1 of the Early Site Permit Application for the PSEG Site

Reference: 1) PSEG Power, LLC letter ND-2012-0031 to USNRC, Submittal of Revision 1 of the Early Site Permit Application for the PSEG Site, dated May 21, 2012

In Reference 1, PSEG submitted Revision 1 to the Early Site Permit Application. While processing Revision 1, the NRC identified deficiencies in the submittal related to some of the files included not being formatted for Fast Web View and an inaccurate reference number in the file packing slip. This letter provides a revised DVD in which the identified issues have been corrected. The technical information provided on the corrected DVD is identical to the information provided in Reference 1.

No new regulatory commitments are established in this submittal.

If any additional information is needed, please contact David Robillard, PSEG Nuclear Development Licensing Engineer, at (856) 339-7914.

I declare under penalty of perjury that the foregoing is true and correct. Executed on the 11th day of June, 2012.

Sincerely,

A handwritten signature in black ink, appearing to read "James Mallon".
