Hello

The Memorandum of Agreement between the U. S. Nuclear Regulatory Commission (NRC) and the Michigan State Historic Preservation Officer (SHPO) (signed by Brian Conway on January 19, 2012) regarding the demolition of the Enrico Fermi Atomic Power Plant has been signed by Dr. David Nixon, Monroe County Community College dated February 3, 2012. It is being forwarded to Peter Smith, DTE Energy, Detroit today (2-3-12).

Thanks.

Dear Dr. Nixon,

If it's not too much trouble, could you possibly get together to sign the MOA before 2/27/12? If it is too much trouble, we'd understand, but it's been our experience that MOAs such as this need to be signed a.s.a.p. after they're finalized to prevent additional (unforeseen) problems.

Sincerely,

John

John, the document is with Sue Wetzel, VP of administration. It will go before the MCCC board of trustees at their next meeting and of course we recommend its approval.

Dave

I am on vacation but watching my emails. I was happy to respond of course as MCCC is looking forward to this opportunity to work on the project

Brian,

Have you sent the signed Fermi 1 MOA to Dr. Nixon? I just contacted his secretary and she hadn't seen it. I just want to keep track of this so it doesn't get lost in the mail. Look forward to hearing from you. thanks.
