

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

June 27, 2012

Vice President, Operations
Entergy Operations, Inc.
River Bend Station
5485 US Highway 61N
St. Francisville, LA 70775

SUBJECT: RIVER BEND STATION, UNIT 1 - WITHDRAWAL OF A RELIEF REQUEST
(TAC NO. ME7802)

Dear Sir or Madam:

By letter dated December 22, 2011, as supplemented by letter March 5, 2012 (Agencywide Documents Access and Management System (ADAMS) Accession Nos. ML12003A196 and ML12082A186, respectively), you applied for a relief request for River Bend Station, Unit 1. The proposed change would have approved an alternative to the post-weld heat treatment exemption of Table ND-4622.7 to utilize Code Case N-804, which provides post-weld heat treatment exemptions for these welds without the application of elevated preheat. Subsequently, by letter dated June 8, 2012 (ADAMS Accession No. ML12172A138), you withdrew the relief request.

The purpose of this letter is to advise you that the above-cited application is being treated as withdrawn. NRC staff activities on the review have ceased and the associated Technical Assignment Control number has been closed.

Sincerely,

A handwritten signature in cursive script that reads "Alan Wang".

Alan Wang, Project Manager
Plant Licensing Branch IV
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation
