NUCLEAR REGULATORY COMMISSION
BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of)	
Progress Energy Florida, Inc.)	Docket Nos. 52-029-COL
(Levy County Nuclear Power Plant,)	and 52-030-COL
Units 1 and 2))	

**INTERVENORS' UNOPPOSED MOTION FOR
EXTENSION OF TIME TO FILE EXHIBITS**

Intervenors, the Nuclear Information and Resource Service (“NIRS”) and the Ecology Party of Florida, hereby request an extension of time for filing some of the exhibits to their Initial Statement of Position in this proceeding. Intervenors filed their Initial Statement of Position, the testimony of all their expert witnesses, and the exhibits of most of their witnesses before midnight on June 26. Despite the best efforts of Intervenors’ counsel, however, the midnight filing deadline passed before all of the Intervenors’ exhibits could be loaded onto the EIE system. After the deadline passed, Intervenors’ counsel continued to submit documents for several hours until all of the exhibits had been filed. Therefore completion of the filing was delayed only briefly and any inconvenience to the Board or other parties was minimized.

Intervenors also seek leave to file Exhibit INT373, a DVD, one day late. Due to the press of filing the Statement of Position and exhibits, Intervenors were not able to submit the DVD yesterday. It was hand-delivered to the Board and parties this morning.

Intervenors’ counsel is authorized to state that Progress Energy and the NRC Staff do not oppose this motion.

Respectfully submitted,
