

This procedure is to govern licensed work activities within the scope of the license.

1. Verification of licensed activities specifically Cat 1 irradiators will be verified by one or more of the following:
 - a. Sealed Source and Device Registration
 - b. Customers license, personnel or licensee documentation
 - c. Manufacturers brochure
 - d. Manufacturers web site
 - e. Manufacturers Technical Manual or user's manual
 - f. Verification from NRC Regulatory Authorities

No work will be performed unless work activities fall within the allowed licensed activities. After verification is completed work may be scheduled.
