577601

Dear Mr. Cate:

This is in reference to the letter dated May 15, 2012, (ML12163A490) from Thomas Kellogg of your staff. Thank you for notifying the NRC of the new reporting path for your Radiation Safety Office. From your letter we understand that this administrative change will not result in changes in the implementation of your radiation safety program or approved radiation safety procedures. Please notify this office, in writing, if our understanding is different from yours.

Please be reminded that the NRC policy requires that all correspondence related to a license be signed by a member of the licensee's senior management and not by the Radiation Safety Officer or a consultant. Your adherence to this policy in all your future correspondence will assist us in processing your correspondence in a timely manner.

Please note that Region I office has moved to a new location effective May 9, 2012. Please address all your future correspondence related to your license to:
