STATEMENT OF WORK Investigative Services

A. OBJECTIVE

The U.S. Nuclear Regulatory Commission (NRC) requires the services of the United States Postal Service (USPS or Postal Service) to conduct Equal Employment Opportunity (EEO) investigative services for allegations of employment discrimination based on race, color, gender, religion, national origin, age, disability, reprisal, and genetic information, raised by employees, former employees, and applicants for employment with the NRC.

B. BACKGROUND

The NRC discrimination complaint program is a centralized function administered by the Office of Small Business and Civil Rights (SBCR) from its Headquarters office located in Rockville, Maryland, except for the use of collateral duty EEO counselors assigned to the various Headquarters offices and the NRC's four regional offices: Region I - 475 Allentown Road, King of Prussia, Pennsylvania; Region II - Marquis One Tower, 245 Peachtree St., SW, Suite 1200, Atlanta, Georgia; Region III - 2443 Warrenville Road, Suite 210, Lisle, Illinois; and Region IV - 1600 E. Lamar Blvd., Arlington, Texas.

SBCR is responsible for providing prompt, fair, and impartial consideration and disposition of informal and formal complaints involving claims of employment discrimination based on race, color, religion, gender, national origin, age, disability, reprisal, and genetic information raised under Title VII of the Civil Rights Act of 1964, as amended (Title VII); the Age Discrimination in Employment Act (ADEA), as amended; Sections 501 and 505 of the Rehabilitation Act of 1973; the Equal Pay Act of 1963, as amended (EPA); and Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA). EEO investigations will be conducted in accordance with U.S. Equal Employment Opportunity Commission regulations at Title 29, Code of Federal Regulations, Part 1614. (2011)

C. PROJECT OFFICER AUTHORITY

NRC Project Officer - the NRC official who has oversight responsibility for the Interagency Agreement (Agreement) and provides coordination between the USPS and NRC management, as well as individuals who seek redress through the NRC's administrative discrimination complaint process and witnesses. The Project Officer has the responsibility for all NRC technical and program decisions relating to these services. The Project Officer is not authorized to issue any instructions or directions which affect any increase or decrease in the cost of the Agreement or period of performance as defined therein. The USPS shall contact the Contracting Officer or their designated official to discuss contractual issues.

Florine Williams, Civil Rights Specialist, SBCR, NRC, who in this regard, has responsibility for the administrative discrimination complaint process, will serve as the Project Officer for the Agreement. As Project Officer, she will be responsible for assigning cases to the USPS for investigation and, ensuring that the USPS receives the necessary cooperation from NRC personnel to complete their services within the established time frames and that the resulting work products meet the quality standards set forth herein. At the time the case is assigned, the Project Officer will designate someone in Headquarters and/or

the appropriate regional office to serve as a contact person to assist the USPS in locating employees and documents.

D. SCOPE OF WORK

INVESTIGATIVE SERVICES

USPS shall conduct investigations of discrimination complaints filed against the NRC by employees and applicants for employment under Title VII, ADEA, Rehabilitation Act, EPA, and GINA. The investigations shall be performed to identify and obtain evidence from all relevant sources and gather sufficient information relevant to the claims in the complaint. The Report of Investigation will provide NRC with sufficient facts from which a finding or no finding of discrimination may be determined, and if a finding of discrimination is determined, an appropriate remedy may be fashioned.

Base File - The scope of the investigation will be determined by NRC as to the type of complaint (disparate treatment, disparate impact, mixed case, amended, or consolidated case), accepted issues and bases involved, and applicable EEO laws and theories of discrimination. The Postal Service shall receive a base file for each formal complaint to be investigated. Upon receipt of the base file, the U.S. Postal Service shall verify that the issues accepted for investigation are the same issues for which counseling was provided. The base file will contain the following items, where applicable:

- a. Information for Pre-complaint Counseling. (PS Form 3811 to show receipt, if delivered to the counselee by U.S. mail) and any other supporting documentation for the request for counseling.
- b. Receipt signed by the counselee for a publication on What You Need to Know About EEO. (PS Form 3811 to show receipt, if delivered to the counselee by mail).
- c. Representation/Anonymity (when issued).
- d. Allegations of Discrimination Based on the Relevant Statute(s) (when issued).
- e. Agreement to Participate in an Alternate Dispute Resolution process.
- f. Agreement to Extend the 30 Calendar-day EEO Counseling Process.
- g. Withdrawal of Informal EEO Complaint of Discrimination, or EEO Settlement Agreement, Pre-complaint, if the case has been either partially withdrawn or partially settled.
- h. Notice of Right to File a Formal Complaint, (PS Form 3811 to evidence receipt, if delivered to the counselee by U.S. mail).
- i. Dispute Resolution Specialist's (DRS) Inquiry Report.
- j. Any other documentary evidence collected by the counselor.
- k. Formal EEO Complaint.
- l. A copy of the complainant's Standard Form 50, Notification of Personnel Action.
- m. Correspondence to and from the complainant.
- n. A copy of the acceptance letter.

- o. Contact information (i.e., name, title, work address, telephone number, email address if available, and tour) of the complainant, responding management official(s), and other witnesses, if any, interviewed by the counselor in the pre-complaint process.
- p. If retaliation is alleged, EEO tracking system printout through the formal complaint stage for all prior cases by the complainant.

Not all base files will contain every item listed above. The Postal Service shall inform the Project Officer of missing vital documents within three (3) business days of delivery of the base file. For purposes of establishing the required delivery date for a case, the case assignment will not be considered received until a complete base file is received by the Postal Service.

Amendments - If the aggrieved person raises additional claims after the case is assigned for investigation, the USPS shall immediately notify the NRC. If the complaint is amended to include an additional claim(s) after it is assigned to investigation, the USPS will be provided an amended acceptance/dismissal letter and be requested to investigate the additional claim(s). The USPS will also be provided an amended task order and invoice to cover the cost of investigating the additional claim(s). Each Amendment received after the draft ROI has been approved by NRC will be completed at the supplemental price as stated in the *Interagency Agreement with the applicable extension of timelines*. If a complaint is amended the Postal Service shall have an additional 45 days from the receipt of the amendment to complete the investigation each time the pending complaint is amended.

Consolidations - Pursuant to 29 CFR 1614.606 the agency shall consolidate two or more complaints filed by the same complainant and may consolidate complaints filed by two or more complainants if the complaints consist of substantially the same allegations of discrimination or relate to the same matter. If the NRC decides to investigate the new allegations as a consolidation of the ongoing investigation, the Project Officer shall contact the Postal Service and take the appropriate steps to modify the delivery order via a modification of the price and extension of time. Consolidations received prior to the draft approval will be at the price stated in the *Interagency Agreement with the applicable extension of timelines*. Each consolidation received after the draft ROI has been approved by NRC will be completed at the supplemental price as stated in the *Interagency Agreement with the applicable extension of timelines*. If a pending complaint is consolidated the Postal Service shall have an additional 45 days from the receipt of the consolidation to complete the investigation each time the pending complaint is subject to an additional consolidation claim.

MIXED CASES

The Postal Service shall complete mixed case investigations *within 70 days* of the date of the Investigative Plan approval. NRC agrees to refrain from amending or consolidating non-mixed case claims with mixed case claims.

REQUESTS FOR EXTENSION

NRC may grant an extension requested by the Postal Service or the complainant if requested at least ten (10) business days before the due date of a ROI. A request supported by the written agreement of the complainant to extend the time limits of 29 C.F.R. 1614.108(e) will be granted by NRC if it is received before the due date of the final Report of Investigation. A request supported by the written agreement of the complainant may not extend the investigation period beyond the regulatory time limits for investigations.

COMPUTATION OF TIME

All time periods in this SOW stated in terms of days are calendar days, unless otherwise specified. The first day counted shall be the first business day after receipt of the case assignment or report, as applicable, and the last day of the time period shall be included, unless it falls on a Saturday, Sunday or Federal holiday, in which case the period shall be extended to the next business day.

TECHNICAL APPROACHES

The Postal Service may decide the appropriate technical approach for each specific investigation, based on the circumstances of each case. Acceptable approaches include conducting interviews through written correspondence, through email or by telephone. Other technical approaches may be used if approved by NRC. All pertinent testimony shall be secured from witnesses under oath or affirmation. To afford complainants an opportunity to show pretext, addenda to affidavits and/or supplemental affidavits from the primary parties to the complaint (i.e., complainant, responding management official) may be necessary.

COLLECTING AND VERIFYING DATA

The Postal Service shall gather relevant documentary and statistical information for each investigation as outlined in, but not limited to, EEOC MD 110. To gather relevant documentary and statistical evidence the Postal Service shall:

- a. Obtain objective evidence in regard to all claims for compensatory damages, e.g., medical records, or any other such documentation that would verify an injury or harm had occurred, unless the Complainant affirmatively expresses in writing that he or she is not seeking compensatory damages.
- b. Review all relevant personnel records and statistical data and make copies as needed for inclusion in the ROI.
- c. Assemble the records/data collected in the format specified by the Postal Service.
- d. If, due to the Agency's action, the Postal Service has difficulty in obtaining documentary evidence or statistical information, the Postal Service shall contact the NRC.

CONDUCTING INTERVIEWS AND SECURING TESTIMONY

The method of securing testimony shall be consistent with the technical approaches outlined in this SOW. The Postal Service shall at a minimum:

- a. Provide proof of authorization to investigate.
- b. Inform witnesses that they have been identified as having information relevant to the complaint.
- c. Inform witnesses of their right to representation during the securing of testimony when applicable.
- d. Inform witnesses of their right to present evidence.
- e. When taking affidavits, inform the affiant that the affidavit shall contain a narrative response to each question and that the statement must be given

under oath, affirmation, or by written declaration that it is being made under penalty of perjury.

- f. If witnesses wish to change the substance of their affidavit, the Postal Service shall allow the witnesses to change the affidavit and require them to initial each change made. If substantive changes to the testimony relating to the issue(s) are made, the rewritten and retyped, signed affidavit and the original affidavit shall be included in the investigative file. In this case, the Postal Service shall explain the circumstances in the ROI.
- g. Provide the affiant the option to include additional relevant information.
- h. Advise the witness immediately of the requirement to cooperate in the investigation. If the witness fails/refuses to cooperate, the Postal Service shall immediately advise the Project Officer verbally or electronically of the witness' failure to cooperate. The failure of a witness to cooperate shall be documented in the Report of Investigation.

If the complainant or a witness fails to submit a signed affidavit within the time specified in a written notice from the contract investigator, the USPS will bring the matter to the attention of the Project Officer or designee without delay. The amount of time the complainant or a witness is provided to respond to the contract investigator's written request will be determined by the contract investigator, based on the circumstances involved.

The contract investigator shall interview each witness identified by the parties to the complaint or that are identified through the investigative process on the basis of their known or presumed ability to furnish material and relevant testimony necessary to determine jurisdiction or to decide the merits of the case. The investigator shall include an Investigator's Note in the file if a witness suggested by parties to the Complaint, or a key witness referenced in the affidavits and documents in the file, is not interviewed.

In conducting the interview, questions shall be posed to the witness in a clear and concise manner to obtain a proper response. The response to the questions should be stated in the affidavit in context so that the meaning is clear to the reviewer. The affidavit should include the witness' protected status (race, age, disability, etc.) for each basis alleged in the accepted issues of the complaint. The affidavits with original signatures **must** be contained in the original investigative file. The witness should only be given a copy of his/her own affidavit.

The contractor shall take steps to ensure that when affidavits or other documents in connection with the investigation are mailed to a witness' work location, the envelope is clearly marked **CONFIDENTIAL OPEN BY ADDRESSEE ONLY**. Confidential material may still be opened in the mail room even though such precautions have been taken. Therefore, to ensure confidentiality, whenever possible, affidavits and other such confidential documents should be forwarded to the individuals' home address.

If the parties agree to participate in ADR prior to completion of the investigation, the investigation will be suspended pending completion of the ADR process. If the matter is resolved during ADR, the USPS will be notified to terminate the investigative process. If the investigation is terminated, the USPS will be paid based on the amount of work completed as stated in the Interagency Agreement. If the matter is not resolved during

ADR, the ADR process will be terminated and the case will be returned to the USPS to complete the investigation.

INVESTIGATIVE FILE

In some instances, documents required to develop the investigative file may have to be obtained from various headquarters and regional offices. USPS shall request specific documents through the contact person assigned. USPS should contact the Project Officer for assistance if the USPS has a problem obtaining documents or scheduling witnesses.

SANITIZATION OF REPORTS OF INVESTIGATION

To avoid compromising the privacy of individuals identified for comparison, the USPS shall redact addresses, telephone numbers, social security numbers, and other personal information from documents not required to decide the merits of the case. The Postal Service shall delete further information from the final report copies if instructed by NRC.

Prior to including a document in the investigative file, the investigator shall ensure the documents have been properly sanitized. The investigator shall ensure that an explanation of abbreviations and codes included on documents is included in the record.

The completed investigative file shall include all affidavits and documentary evidence that are relevant to the accepted issue(s) and basis of the complaint. The investigative file shall also include a detailed summary analysis of the evidence contained in the file. The USPS shall only include information in the investigative file that is relevant to the accepted issue(s) and basis alleged and is necessary to decide the merits of the case. The USPS shall forward any information received but not included in the investigative file to the Project Officer for appropriate action. The USPS shall not make a recommendation regarding the merits of the complaint.

FINAL REPORT OF INVESTIGATION

An original and four copies of the completed report shall be forwarded to the Project Officer within ninety (90) calendar days of acceptance of the case. The USPS shall also provide a disk or CD-ROM of the summary, correspondence, affidavits, and any original work performed by the investigator. See Delivery of EEO Investigative Services below for information regarding requests for extension of period of performance.

E. ON-SITE VISIT

When NRC has authorized an onsite investigation, the Project Officer through the Associate Director for Civil Rights and Diversity Directorate, SBCR, shall arrange for a private meeting place to conduct the interview sessions. The meeting place shall include a telephone and other accommodations as required.

F. DELIVERY OF EEO INVESTIGATIVE SERVICES

DELAY OF WORK

If the performance of the work is delayed or interrupted by failure of a complainant or witness to complete an affidavit, provide documents, or otherwise act within a reasonable time, the Postal Service shall notify NRC immediately. The Postal Service will continue to investigate

the complaint, unless NRC instructs the Postal Service to suspend the investigation, in which case the delivery date will be extended one day for each day of the suspension of the investigation. If an investigation is not suspended and the evidence is not provided prior to the delivery date, the Postal Service will prepare the ROI noting the efforts made to obtain the evidence not received. Such a ROI will not be considered incomplete by NRC on the basis of the lack of that evidence.

If the performance of the work is delayed or interrupted by failure of NRC or complainant to act within a reasonable time, the Postal Service shall advise the Project Officer after the initial effort proves unsuccessful. The Project Officer shall attempt to resolve the delay and shall advise the Postal Service on how to proceed. After three unsuccessful attempts within 15 workdays, the Postal Service shall document the Report of Investigation of all attempts, and inform the non-complying party that the investigation will proceed without the requested information.

If evidence is received by the Postal Service from the Complainant or other witness so late that it is impracticable for the Postal Service to obtain other relevant evidence by the delivery date (e.g., the Complainant's affidavit received a few days prior to the delivery date of the ROI and it identifies new witnesses), the Postal Service will notify the Project Officer. NRC may extend the delivery date for the ROI. If NRC does not extend the delivery date, the Postal Service will prepare the ROI noting the impact of the delayed receipt of evidence, and such a ROI will not be considered deficient in quality and timeliness by NRC on that basis.

The USPS shall forward products resulting from EEO investigative services to the Project Officer, as follows:

Priority Mail Signature Confirmation: U.S. Nuclear Regulatory Commission, ATTN: Florine Williams, Civil Rights Specialist, Office of Small Business and Civil Rights, Mail Stop O3G04, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852-2738.

U.S. Mail: U.S. Nuclear Regulatory Commission, ATTN: Florine Williams, Civil Rights Specialist, Office of Small Business and Civil Rights, Mail Stop O3G04, Washington, DC 20555-0001.

SBCR FAX No: 301-415-5953

Timeliness Standards - The Postal Service shall deliver the following drafts and reports for each ROI within the timelines specified in this SOW. For cases involving delays and approved extensions, the Postal Service shall deliver the ROIs in accordance with the deadlines established by NRC as appropriate, unless another section of this Statement of Work specifically provides for the computation of an extension of any delivery date.

Deliverable	Delivery Date
Investigative Plan	Completed and delivered within 5 business days after receipt of the case. NRC has 5 business days to review and approve the Investigative Plan.
Draft Report of Investigation	Within 60 days of acceptance of case
Final Report of Investigation	Within 90 days of acceptance of case
Final Report of Investigation for Amended or Consolidated case	As computed by application of the sections for amendments and consolidations
Supplemental Investigation	As computed by application of the section

	for supplemental investigations
Mixed case investigation	As computed by application of the section for mixed cases

G. ACCEPTANCE OF PRODUCT

INVESTIGATIVE PLAN

The USPS within five (5) business days after receipt of the case assignment shall complete and deliver via email an investigative plan that shall include all steps of the investigation. The plan shall be provided to the Project Officer with a copy to the Associate Director for Civil Rights and Diversity Directorate, Office of Small Business and Civil Rights, for review and approval. The Project Officer, or designee, shall approve or disapprove the plan within five (5) business days of receipt of the investigative plan. If the plan is not approved, the USPS shall submit a revised plan within three (3) business days after the USPS' receipt or notice of the disapproved plan.

DRAFT REPORT OF INVESTIGATION

The Postal Service shall provide via email one (1) copy of the draft Report of Investigation (ROI), which includes the Investigative Summary in MS Word and copies of signed affidavits, to the Project Officer with a copy to the Associate Director, Civil Rights and Diversity Directorate, Office of Small Business and Civil Rights. The Project Officer will have fourteen (14) business days to review the draft ROI and provide any comments to the Postal Service, specifying what is required to make the ROI acceptable to the Project Officer. The Postal Service shall have ten (10) days after receipt of the Project Officer's comments to incorporate them into the final ROI and return it to the Project Officer. In no cases may the Postal Service exceed the due date for the final ROI, if corrections are required, unless an extension is approved by the Project Officer.

REPORT OF INVESTIGATION CONTENT AND FORMAT

The content and format of the investigative file shall be in accordance with EEOC's MD 110 and the specific requirements as described herein. Reports shall be assembled using tabs as described below. For incomplete investigations due to settlement, withdrawal, or dismissal (including dismissal due to consolidation of a pending complaint with a case being heard by the EEOC), the report shall include the applicable documents as outlined below. Each report shall be labeled using the complainant's name and case number. The final report of investigation shall be indexed, tabbed, and securely bound and fastened in accordance with EEOC MD 110.

The Report of Investigation shall be arranged as follows:

Title Page

Standard Postal Service ROI format and content.

Tab "Investigative Summary"

The Postal Service shall list the contents of the file except where the tab clearly identifies the contents. Documents under each tab shall be numbered as shown in the sample ROI. The index shall include a list of the affidavits

obtained, with basic information regarding the affiant. The Index shall also list and identify all exhibits, and include the number of pages each exhibit contains.

The Postal Service shall include a well-written analysis that contains an overview of the evidence that the investigator gathered. Each claim must be separately identified in the Summary and include a synopsis of relevant affidavit testimony, evidence, and applicable regulations. Claims for compensatory damages must also be listed and identified. The Summary shall assist the reader of the ROI by providing an overview of the claim of discrimination and the Agency's response to it. When applicable, the Summary shall present comparative data, clearly identified, in charts or matrix format.

Tab "Formal Complaint"

The Postal Service shall include the written and signed complaint document that allowed the investigation to proceed to the next step within the process.

Tab "Counselor's Report"

The Postal Service shall include all documents and correspondence collected from the Dispute Resolution Counselor during the informal process.

Tab "Issues to be Investigated"

The Postal Service shall include the Letter of Acceptance, which shall contain the scope of the issues to be investigated.

Tab "ADR"

This tab may include offers of ADR, acceptances of ADR, or notices of unsuccessful ADR; however documentation should not include the substance of ADR attempts.

Tab "Appellate Activity"

The Postal Service shall maintain a record of any and all pre-investigation appellant activity that pertains to the processing or disposition of the case.

Tab "Affidavits"

The Postal Service shall include all affidavits collected from the complainants and the witnesses, even if irrelevant to the issue under investigation. The affidavits shall be arranged in logical order, behind individual separators, with the complainant's affidavit always found at Tab A. Where affidavits are obtained via mail, the list of questions sent to the affiant must be included with the affidavit. If efforts to obtain an affidavit from the complainant are not successful, documentation regarding those efforts must be placed where Affidavit A would otherwise be found. If efforts to obtain affidavits from management officials or other witnesses are not successful, such efforts must be included behind other affidavit separators and identified in the ROI. Each

affidavit must be independently numbered and identified, e.g. "Affidavit A, page 2 of 7."

Tab "Exhibits"

The Postal Service shall include all relevant documents that were gathered throughout the investigation, in logical order, behind individual separators. Each exhibit must be identified and independently numbered, e.g. "Exhibit 1, page 1 of 1" including documentation related to the settlement, withdrawal or dismissal of the case, if applicable.

Tab "Miscellaneous Correspondence"

The Postal Service shall include all relevant miscellaneous correspondence, including such documents as the Assignment Letter, Authorization Letter, and an Agreement to Extend 180-Day Investigative Process.

H. PERIOD OF PERFORMANCE

This Agreement may be terminated at any time by the mutual agreement of the parties. Additionally, either party may unilaterally terminate this agreement upon 30 days written notice. If the agreement is terminated, the parties will, by mutual agreement, determine whether any existing requests for services will be completed or whether those requests will be returned to the NRC.

Interrupted Cases - In some instances, performance of services may be interrupted by settlement, withdrawal, dismissal, ADR, or other actions terminating the administrative processing of the complaint. In those instances, the USPS will be paid a percentage of the contract amount for a completed case based on the amount of work completed at the time the service was interrupted, in accordance with section V. CANCELLATION POLICY, in the IAA. The USPS may submit the invoice for payment upon receipt of notification from the Project Officer that the requested service has been terminated.

K. MANAGEMENT OF INTERAGENCY AGREEMENT

The USPS is responsible for the overall management of the Agreement, to include planning, coordinating, and maintaining the confidentiality and integrity of the NRC's documents and files. In addition, the USPS is responsible for the conduct of EEO investigative services, including sanitizing, writing, editing, typing, copying, assembling and delivering the completed work products.

Materials obtained during the performance of services but not included in the report of investigation should be returned to the Project Officer or designee for appropriate action or destruction.

L. CONFLICT OF INTEREST

Notwithstanding any other provision of the Agreement, during the term of this Agreement, the contractor agrees to forego entering into consulting or other contractual arrangements with any firm or organization, the result of which may give rise to an actual or apparent conflict of interest with respect to the work being performed under this Agreement. The

contractor shall ensure that all employees who are employed full time under the Agreement and employees designated as key personnel, if any, abide by the provision of this clause. If the contractor believes, with respect to itself or any such employee, that any proposed consultant or other contractual arrangement with any firm or organization may involve a possible conflict of interest, the contractor shall obtain the written approval of the Contracting Officer prior to the execution of such contractual arrangement.

M. PRIVATE USE AND NON-DISCLOSURE OF CONFIDENTIAL INFORMATION

In connection with the performance of work under the Agreement, the NRC may furnish for the contractor's review and evaluation or other use, certain trade secrets of confidential, privileged commercial or financial information. The Investigator shall not publish, permit to be published, or distribute for public consumption any information, oral or written, concerning the results of conclusions made pursuant to the performance of work under the Agreement, without the prior written consent of the Contracting Officer. (Two copies of any material proposed to be published or distributed shall be submitted to the Contracting Officer.)

The contractor agrees to hold all information obtained in performance under the Agreement in confidence, and not disclose it either to anyone outside the NRC or to another contractor employee not involved in performance of services under this Agreement. Furthermore, the contractor agrees not to use any such confidential information for any purpose other than performance of the Agreement.

The contractor shall maintain confidential business or personnel information obtained, as described herein, in a safe or locked file cabinet to which only employees performing work under this Agreement shall have access. Materials obtained during the performance of services but not included in the report of investigation should be returned to the Project Officer or designee for appropriate action or destruction.

**JUSTIFICATION FOR USING AGREEMENT W/ANOTHER GOVERNMENT
AGENCY (per MD 11.8)**

Use of this interagency acquisition is in the government's best economic interest.

NRC's goal is to maintain at least three sources of supply for EEO investigations and EEO Reports of Investigations. Three sources are optimal because of the nature of the work. The investigation of EEO complaints must be in compliance with federal sector EEO policy established at 29 CFR §1614.108 and EEOC Management Directive 110, Chapter 6. The Agency is legally required to complete investigations within 180 calendar days of the filing of a formal complaint and is also required to provide Reports of Investigations that reflect the development of complete, impartial, and appropriate factual records. We currently have two contractors. The quality of work from our current contractors is inconsistent, often exceeding time and cost requirements. The U. S. Postal Service is an established vendor and has measurable performance standards that satisfy our compliance needs.

In comparing pricing between the U. S. Postal Service and our current vendors, the U. S. Postal Service's cost is on average 30% less. See Attachment 1.

DOCUMENTS FOR:
