SUBJECT: Request for License Renewal

On a letter dated, December 21, 2011, LVMH requested renewal of their license. On May 17, 2012, the staff of the licensing branch spoke with the Region I Inspector. The Inspector informed the licensing branch staff that the only inventory the licensee has have been in the licensee's facility since 2004. The inventory was distributed to Prottime which has been absorbed by LVMH. On June 5, 2012 the licensing branch contacted OGC resource for guidance on whether LVMH needs a distribution license. Based on the information provided OGC concluded that it does not appear that an-E-license is necessary, since there will be no distribution of the product.
