**Subject:** Confirmation of information on Form 314  
(NOTE: This will be used as the Documents Title in ADAMS)

The licensee requested to remove a location from the license and submitted a form 314 along with the letter. LAT did not understand if this request was for termination of license (because of the form 314, which is normally used to request termination of licenses). I called the licensee to confirm that this was not a request to terminate the license but he sent the form at the request of the NRC inspector who was at their facility recently.

I told him that the form 314 was not necessary and that based on the information that they included in the form and the letter, along with this telephone conversation, we do not need additional information to process their request.
