Name of Licensee: International Cyclotron
Name of Participant(s): Frank Kolodziej, MD and Betsy Ullrich, NRC
Telephone No. 787-398-444 (cell phone)
Subject: Progress on bond; update on facility
(NOTE: This will be used as the Documents Title in ADAMS)

I contacted Dr. Kolodziej to check his progress on obtaining a bond for his FA instrument.

Dr. Kolodziej said he has hired an accounting firm to draw up the financial statements he needs in support of the bond. He is working with the largest insurance company on the island to get the bond. He even gave representatives of the insurance company a tour of the cyclotron facility to help them understand what the bond would be issued to cover. He hopes that the accountant will finish his work this week, so he can take the statements to the insurance company.

He mentioned having 3 potential buyers for the cyclotron (Cardinal, Lantheus and another). He also stated that he does not want to sell the cyclotron.

Dr. K informed me that he no longer has any employees at the cyclotron, they have all left to take jobs elsewhere, and that he will have to hire new people and train them before he can re-start the cyclotron activities.
