Please find attached the notice for the 1/5/12 Public Meeting regarding cracks in the shield building at Davis-Besse. I will be attending the public meeting and will try to travel to your district offices either the morning of January 5 or 6.

Also, there will be a non-public, government-to-government meeting at the Ottawa County building on January 5 at 12:30pm. The NRC will present a technical brief on the shield building issue and will answer any questions you may have. Please let me know if representatives from your office would like to attend.

Please contact me with any questions,
