The U.S. Nuclear Regulatory Commission (NRC) staff has reviewed the information provided in your letter dated September 22, 2011 (ADAMS No. ML112660095), and determined that additional information is needed for the NRC staff to complete its review of the subject license amendment request (LAR). A conference call was conducted on June 14, 2012 among the NRC staff, Tom Elwood and others of your staff to clarify the specific request for additional information (RAI) questions as enclosed. At the end of this call, your staff indicated there were no additional clarifications needed to prepare your response.

Please respond to the enclosed request for additional information within 30 days of the date of this email.

Please let me know if you have any questions on this request.
